🎓 **Experienced Tutor | University of Edinburgh | MSc in Computer Science**

With an MSc in Computer Science from the University of Edinburgh and 12 years of tutoring experience, I support IB, A-Level, and AP students in Computer Science. My focus areas include Java, Python, C++, and data structures to ensure success in both coursework and exams.

Teaches: IB Computer Science A-Level Computer Science IGCSE Computer Science

GCSE Computer Science AP Computer Science

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

University of Edinburgh: MSc in Computer Science
(2010–2012)

University of Manchester: BSc in Computer Science
(2006–2010)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For the past 12 years, I've had the opportunity to work with students from around the world, guiding them through challenging IB Computer Science topics and other curricula such as AP and A-Level. I focus on programming fundamentals, algorithms, and data structures, ensuring students are well-prepared for their exams.

My tutoring experience spans multiple international curricula, allowing me to tailor my sessions to meet the individual needs of each student. I've worked closely with those aiming for top scores in AP and IB Computer Science, offering both one-on-one and group tutoring. My students have consistently achieved top grades, with many scoring 5 in AP exams and 7 in IB.

Additionally, I've supported students in applying their programming skills to real-world applications, helping them develop critical thinking and problem-solving abilities. My aim is to not only prepare students for exams but also to equip them with the skills they need for future academic and professional success.
